### **I. POLICY STATEMENT**

Baton Rouge Community College (BRCC or the College) is committed to providing a supportive educational environment free from hazing and one that promotes its students' mental and physical well-being, safety, and respect for one's self and others. In accordance with H.R. 5646 "The Stop Campus Hazing Act," Act 174 of the 2025 Regular Legislative Session, Louisiana Revised Statutes 17:1801, 17:1801.1, 14:40.8, 14:502, the Board of Regents Uniform Policy on Hazing Prevention, and LCTCS Policies # 2.003 and # 9.001, BRCC shall prohibit hazing and take all reasonable measures to address hazing, including without limitation: adoption of effective policies; clear communication to campus organizations, students, and other stakeholders of laws and policies; prompt and faithful enforcement thereof; education; and training. BRCC shall take prompt and appropriate action to investigate and effectively discipline those accused of such conduct in a manner consistent with all applicable laws. BRCC shall implement and enforce with full fidelity and consistency the Hazing Laws and this policy. Failure to enforce or inconsistencies in enforcement shall constitute violation of the Hazing Laws and this policy.

In cases of any inconsistency, the statutory provisions and/or System policy shall supersede any such inconsistent provisions in this policy.

### **II. POLICY RATIONALE AND SCOPE**

To ensure against the harmful practice of hazing, Baton Rouge Community College has adopted the following policy to be followed by all students, student organizations (including but not limited to Greek organizations, clubs, and athletic teams), groups and individuals on its campuses and sites:

- A. No student or student organization shall employ a program of student initiation/pledge education or social events that include "hazing."
- B. Hazing is an unproductive and hazardous custom that is incongruous with organizational

and community values. It has no place in college life, either on or off campus. No policy can address, in specific fashion, all possible situations which may take place. Students and organizations are expected to conduct themselves and their activities in a spirit of social responsibility and respect for others.

### **III. POLICY AUDIENCE**

This policy applies to all individuals working, attending, or visiting any BRCC campuses and/or sites.

All members of the BRCC college community should report hazing when they see it occurring or believe that it has occurred.

### **IV. POLICY COMPLIANCE**

Any violation of this policy, including knowledge of and failure to report, may result in expulsion in the case of students and termination in the case of employees, and suspension of activities for a minimum of one academic year of any student organization that participates in hazing. Individuals accused of violations of this policy will be adjudicated through the College's codified student and/or employee judicial process

### **V. POLICY DEFINITIONS**

- B. The act is committed in the course of pledging, being initiated into, affiliating with, participating in, holding office in, or maintaining membership in a student organization; and

## **VI. POLICY IMPLEMENTATION PROCEDURES**

The College's method of discussing this policy with students and employees is detailed below.

### **Policy, Law, and Process Related to Hazing**

Hazing is strictly prohibited in Louisiana, with comprehensive policies and laws in place to prevent and address such activities. If you witness or suspect hazing, it is imperative to report it immediately. In emergency situations, dial 911. For non-emergencies, reports can be made to campus police, the Dean of Students Office, or online through BRCC Cares.

Upon receiving a hazing report, the college is required to conduct a thorough investigation. This process involves collecting detailed information, interviewing involved parties, and collaborating with law enforcement when necessary. The college must document all actions taken, including the dates reports were received and any subsequent measures implemented.

State laws and college policies increase the penalties for hazing. LRS 14.40.8 defines Criminal Hazing.

Under the Max Gruver Act (LRS 17:1801), hazing is now considered a felony. Educational institutions are mandated to implement anti-hazing policies, provide preventative education, and enforce disciplinary actions against individuals or organizations involved in hazing. Non-compliance can result in severe consequences, including expulsion, suspension, or dismissal for students, and termination or employees.

Hazing of any kind is illegal and strictly prohibited at Baton Rouge Community College. Any such incidents will be prosecuted to the fullest extent of the law and pursued to the fullest extent of the BRCC Code of Student Conduct.

**Consent Statement:** a student's request to join or become a member of a student organization is not consent to any form of hazing; and a student's acceptance to an invite or open enrollment to join is not consent to participate in hazing nor a defense for those accused of hazing pursuant to this Policy.

**Prohibition Statement:** no student organization or individual shall employ a program of student initiation/pledge education or social events that includes hazing. BRCC operates with zero tolerance toward hazing and all alleged cases will be thoroughly investigated.

**Duty to Report:** All current or potential student organization members and any faculty or staff member has a duty to report any violation of this policy to the Vice Chancellor for Academic and Student Affairs or College designee. Any reports submitted to the College alleging the commission of an act of hazing by one or more members of an organization that is organized and operating, or parent organization, shall report, as soon as practicable under the circumstances, the alleged act or acts to the Office of Public Safety or to the law enforcement agency having jurisdiction in the place where the alleged act or acts of hazing occurred. The information reported to law enforcement officials shall include all details received by the College relative to the alleged incident, with no information redacted, including the names of all individuals alleged to have committed the act or acts of hazing. The College will document in writing all actions taken with regard to the report including but not limited to the date the report was received, reports made to law enforcement, and any other information relative to the investigation, processing, and resolution of the incident. The College and student organizations are expected to use the standardized forms in making reports. The College, student organization, or individual that fails to comply with the provisions of reporting may be subject to criminal penalties as outlined in Act 635 of the 2018 Louisiana Legislative Session and Act 382 of the 2019 Louisiana Legislative Session.

**College Response to Allegations of Hazing:** Any allegations of hazing reported to the College will be thoroughly investigated. If the investigation yields evidence of hazing, the College will then take appropriate disciplinary action(s) against all individuals and/or organizations deemed responsible for the hazing.

**Expectations for Violations:** In addition to potential criminal penalties related to hazing, any violation of this policy, including knowledge of and failure to report hazing activity as soon as practicable under the circumstances, will result in expulsion, suspension, or dismissal, in the case of students, and may result in termination in the case of employees. Students will not be permitted to return for at least one (1) semester. In addition, there will be a suspension of activities for a minimum of one (1) academic year of any student organization that participates in hazing. Individuals accused of violations of this policy will be adjudicated through the College's codified student and/or

employee judicial process, and may be subject to criminal penalties as outlined in Act 635 of the 2018 Louisiana Legislative Session and Act 382 of the 2019 Louisiana Legislative Session.

**Publication and Dissemination:** College policies on hazing shall be published on college and student organization websites and included in all Student Handbooks and Student Code of Conduct.

**Prevention and Education Programs:** BRCC shall implement the following measures to prevent and address hazing effective spring 2020, unless otherwise noted:

- A. Each new student shall be provided educational information on the dangers of and prohibition on hazing during the new student orientation process in the form of a handbook.
- B. In addition to the requirement of providing educational information in the form of a handbook, beginning in the fall semester of 2020, each new student and parents of minor students shall be provided educational information on the dangers of and prohibition on hazing during the new student orientation process, either in person or electronically.
- C. Each organization as defined above in this policy and in R.S. 17:1801.1 shall provide annually at least **two hours** (effective fall semester of 2025) of hazing prevention education to all members (as required by Act 174 of 2025), prospective members, and anyone who is employed by or volunteers with the organization. The education may be provided in person, electronically, or both. Each organization shall submit a report annually to the institution with which it is affiliated relative to the students, employees, and volunteers receiving such education evidenced by an attestation of such individuals receiving the education.
- D. The hazing prevention education required under the provisions above shall include the information about criminal penalties for the crime of criminal hazing. Information shall also be provided to organizations on their obligations under the law, including the duty to investigate and report, and on the possible loss of funding and other penalties applicable to organizations under the hazing laws.
- E. BRCC shall terminate the organization's operation on campus if it fails to comply with the provisions of this Subsection and shall submit a report to the House Committee on Education and Senate Committee on Education upon such termination.

**Duty to Seek Assistance:** In accordance with Act 637 of 2018, codified at R.S. 14:502, any person at the scene of an emergency who knows that another person has suffered bodily injury caused by an act of hazing shall, to the extent that the person can do so without danger or peril to self or others, give reasonable assistance to the injured person. Failure to seek assistance in violation of R.S. 14:502. may include criminal penalties.

**Authority of Campus Police:** For the purposes of R.S. 14:40.8, Baton Rouge Community College campus police officers have the right to carry concealed weapons and to exercise the power of arrest when discharging their duties for alleged acts of hazing committed by members of a student organization that is organized and operating at the College for which a campus police officer is commissioned, regardless of the location where the alleged acts occurred. A college police officer has the authority to discharge his or her duties off campus when investigating a crime of criminal hazing committed off campus by members of an organization that is organized and operating at the College.

## **Inclusion of Hazing Incidents in the Jeanne Clery Campus Security Act Annual Security Reports**

Annual Security Reports (ASRs) shall include the following:

- A. Statistics for hazing incidents that occurred on or after January 1, 2025;
- B. Each separate hazing incident that was reported to campus security authorities or local police agencies; and
- C. A compilation of hazing incidents as a single hazing incident if the same person or persons commit more than one hazing act, and the time and place intervals separating each act are insignificant.

## **The Campus Hazing Transparency Report**

An institution is not required to develop the Campus Hazing Transparency Report until the institution has a finding of a hazing violation. An institution is also not required to update the Campus Hazing Transparency Report for any period where there was no finding of a hazing violation for that period.
