

Memorandum of Understanding
Establishing an Articulation Agreement Between
BATON ROUGE COMMUNITY COLLEGE
AND
SOUTHERN UNIVERSITY
Army ROTC

This memorandum of understanding (MOD) serves as an agreement between Baton Rouge Community College (BRCC) and Southern University (SU) to facilitate transfer for students desiring to be part of the Southern University Army ROTC program. SU and BRCC enter into this MOU in the spirit of cooperation and mutual recognition of each other as institutions of higher learning offering quality education to its constituents. Each institution is dedicated to serving a diversity of students from all walks of life, regardless of race, ethnicity, religion, sex, disability, color, age, marital status, national origin or other non-merit factors.

BRCC students in a Military Science career via Army ROTC, in completing an associate of arts or associate of science degree, and in pursuing a Bachelor degree at SU will be:

1. Required to complete a transferable BRCC associate degree;
2. Admitted to SU as a junior upon successful completion of the BRCC associate degree;
3. Admitted to SU Military Science (Army ROTC) Advanced program; and
4. Able to compete for a three year Army ROTC scholarship upon successful completion of the first year of Military Science Courses. Students must also be on track to successfully complete their 2 + 2 progression program and have a minimum 2.7 GPA to apply.

SU will:

1. Deliver curriculum information to BRCC for the Military Science (Army ROTC) program (includes syllabi and course descriptions).
2. Provide the faculty needed to facilitate courses in Military Science (Army ROTC).
3. Provide military uniforms and equipment to scholarship students.
4. Encourage and support students to complete the transfer degree program they are enrolled under prior to progressing to the Bachelor program at SU.
5. Provide advisors to program participants. Advisors will be available by telephone and online consultation, as well as for on-site appointments.
6. Communicate any and all Military Science (Army ROTC) program changes to BRCC.

Additional Information:

This agreement is effective upon signing. Either party may terminate the agreement through a written notice of intent at the end of the semester of notification. Should the agreement be discontinued, students who declared their intent to participate will be allowed to progress through the program and complete.

Changes to this agreement may be made at any time, in writing, with a 60 day notice, with the express agreement of the chief academic officers of each campus.

The Military Science (Army ROTC) program outline is attached.
