

Baton Rouge Community College
2015-2016 Catalog Addendum, January 2016

The contents of this addendum supersede the content specified in the 2015-16 catalog where noted. Contents of the 2015-2016 catalog not revised in this addendum remain in effect. The unrevised content of the 2015-2016 catalog and the revised content of this addendum are valid for the 2015-2016 academic year.

Page numbers are those of the 2015-2016 Catalog.

Revised 1-12-16

Page 20

Application: Paragraph 1- Statement “A non-refundable \$10.00 application fee must be paid to the Bursar’s Office” removed. (Baton Rouge Community College no longer charges an application fee)

Page 27

Entry Assessment: Paragraph 3- Statement “The cost for the initial Compass test is included in the admission fees” removed and replaced with “There is no charge for the Initial Compass test”.

Page 111

Compass Placement Exam Policy: Paragraph 1- Statement “A student is eligible to test once and the cost of the testing fee is included in the registration fees” removed and replaced with the statement "A student is eligible to test once at no cost as part of the registration process”.

Page 289

AVTH 102 Private Pilot Helicopter Flight I

Lecture 0, Lab 15, Credit 5

Introduces practical helicopter flight operations including basic flight maneuvers, traffic patterns, departures, approaches, and emergency procedures. A minimum of 30 flight school hours are required to complete this course; ground school is not included. Lab fee required.

Co-requisites: AVTH 100, AVTH 101

Page 290

AVTH 122 Private Pilot Helicopter Flight II

Lecture 0, Lab 15, Credit 5

Covers flight training including supervised and solo cross-country flights and intermediate operations. This course is the final preparation for and includes the certification as a Federal Aviation Administration helicopter private pilot. A minimum of 34 flight school hours are required to complete this course; ground school is not included. Lab fee required.

Prerequisite: AVTH 102

Co-requisites: AVTH 120, AVTH 121

Page 290

AVTH 152 Instrument Pilot Helicopter Flight

Lecture 0, Lab 15, Credit 5

Involves actual flight by reference to instruments with emphasis on instrument preflight, navigation, approach, emergency, and post-flight procedures. Includes the combination of a Federal Aviation Administration approved flight-training device and actual flight time in preparation for and certification as an FAA helicopter instrument pilot. A minimum of 60 hours of flight school are required to complete this course; ground school is not included. Lab fee required.

Prerequisite: AVTH 122

Co-requisites: AVTH 150, AVTH 151

Page 291

AVTH 202 Commercial Pilot I Helicopter Flight

Lecture 0, Lab 15, Credit 4

Covers advanced helicopter flight operations and navigation including over water flying techniques. Prepares the student for the Federal Aviation Administration commercial pilot oral and practical test. A minimum of 34 hours of flight school is required to complete this course; ground school is not included. Lab fee required.

Prerequisite: AVTH 152

Co-requisites: AVTH 200, 201

Page 291

AVTH 212 Commercial Pilot II Helicopter Flight

Lecture 0, Lab 15, Credit 4

Covers actual helicopter flight operations and navigation, including over water flying techniques. This course is the final preparation for and includes the certification as a Federal Aviation Administration helicopter commercial pilot. A minimum of 35 hours of flight school is required to complete this course; ground school is not included. Flight fee required.

Prerequisite: AVTH 202

Co-requisites: AVTH 210, AVTH 211

Page 291

AVTH 222 Flight Instructor Helicopter Flight

Lecture 0, Lab 12, Credit 4

Covers techniques for giving one-on-one instruction to helicopter student pilots and critiquing student performance. This course is the preparation for and includes the certification as a Federal Aviation Administration helicopter flight instructor. A minimum of 30 hours of flight school is required to complete this course; ground school instruction is not included. Lab Fee Required.

Prerequisite: AVTH 212

Page 292

AVTH 232 Flight Instructor Instrument Helicopter Flight

Lecture 0, Lab 3, Credit 1

Teaches the simulation of flying in clouds and during poor weather solely by reference to aircraft instruments during actual flight. Includes teaching in a flight-training device (simulator). This course is the preparation for and includes the certification as a Federal Aviation Administration instrument helicopter flight instructor. A minimum of 11 hours of flight school is required to complete this course; ground school is not included. Lab Fee Required.

Co-requisites: AVTH 230
